Pioneering tool steel solutions

BUSINESS IDEA

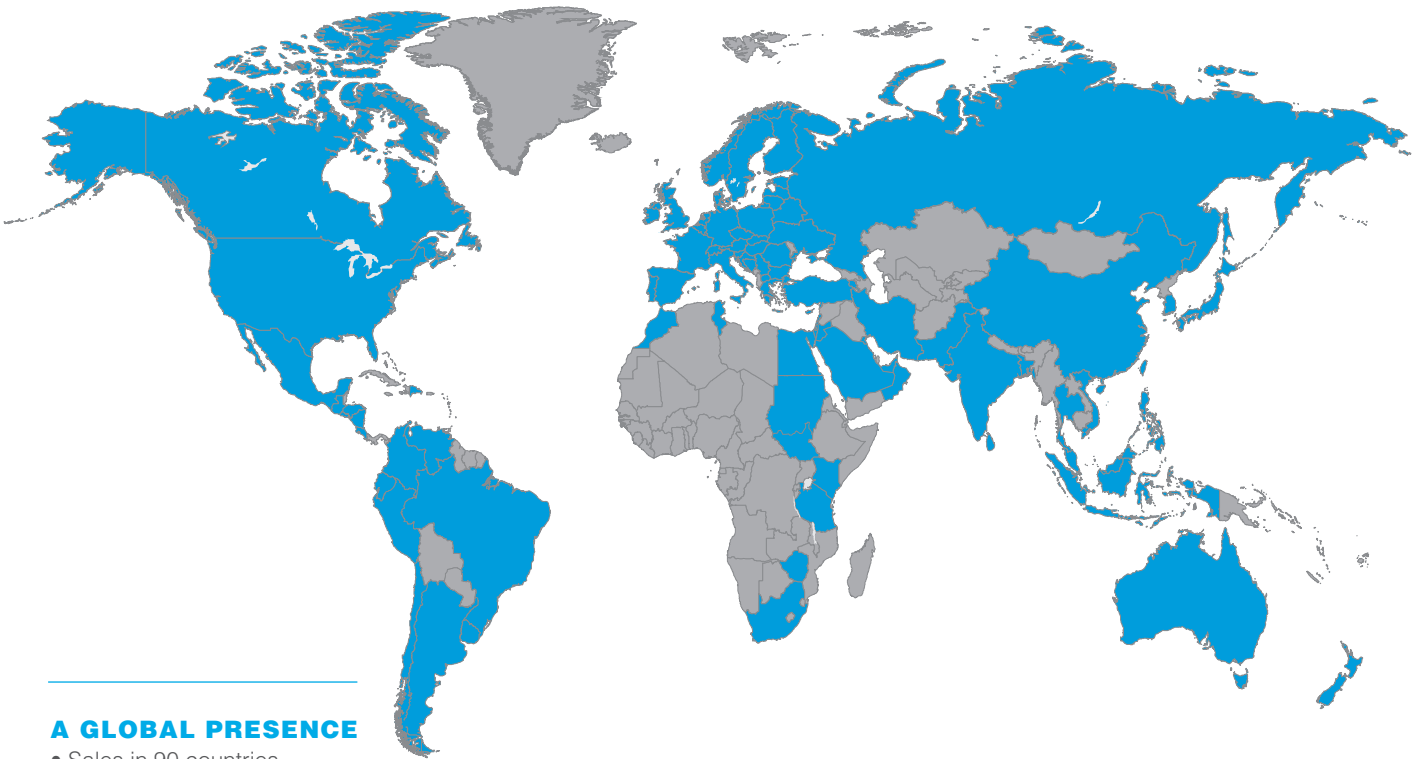

Supply a tool and die solution that makes our customers more competitive.

#1 IN HIGH PERFORMANCE TOOL STEEL

A PROMISE OF BETTER BUSINESS

Uddeholm is the world's leading provider of tool steel, with business and operations in over 90 countries. Since the beginning, our promise and foundational business idea is to deliver a tool and die solution that enhances competitiveness and creates added value for our customers.

A GLOBAL PRESENCE

- Sales in 90 countries
- 100 000 customers
- 3 000 employees
- More than 120 stock locations

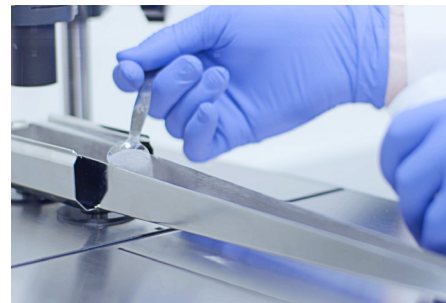

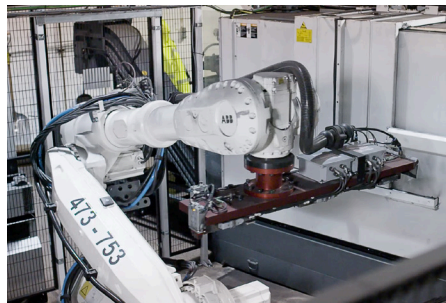

DRIVEN BY INNOVATION

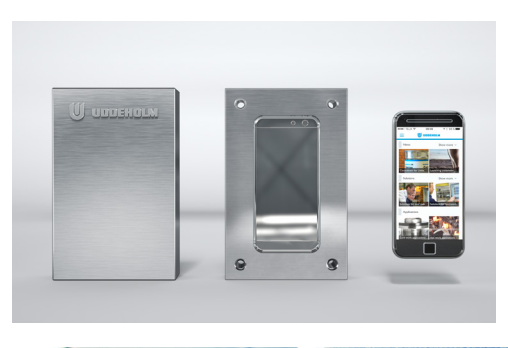

CUSTOMIZED STEEL FOR COMPLEX DESIGNS

We operate in a worldwide industry, but the result of our steel can be seen within arm's length. Uddeholm moulds shape smart technology, screens and electronics. We improve white goods and automotive parts. Our tool steel help to create products you see, use and wear every day.

FORMING EVERYDAY LIFE

- Automotive parts
- General engineering
- Consumer goods
- Packaging
- Electronic appliances

LEADING THE WAY

CENTURIES OF ENTERPRISE

With state-of-the-art research and development, innovative thinking and deep commitment, Uddeholm offers business-enhancing tool steel solutions to premium clients all over the world. It's a legacy of opportunity and a tradition of choices. More than 300 years ago, our founder chose a small town in rural Sweden. With ambition and courage, we transformed a society. Today, we shape the future.

A new owner and
the company grows
rapidly. From now on
we are known as
Uddeholm.

1668
Stjernsfors Works,
the origin of
today's Uddeholm
is built.

THE HISTORY OF UDDEHOLM

UDDEHOLM - THE MILL

CHANGING THE GAME

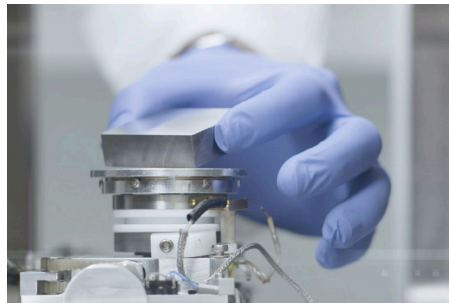

FINDING THE RIGHT TOOL STEEL

With new technology and innovative production, tool steel from Uddeholm shapes a better future. Not only by delivering pioneering solutions to customers worldwide - we are equally as proud of the way we do it.

From Sweden we operate with local pride and global dedication to make our products better and our customers stronger as well as the industry more sustainable. We put words into action by being the first steel industry in Scandinavia that converted our manufacturing process from fossil fuels to natural gas.

FROM FINE POWDER TO BIG BARS

- 94% produced for export
- 1000 000 deliveries a year
- Steel profiles from 0.1kg to 15 tonnes

A scientist in a white lab coat is looking through a microscope. The microscope is a light-colored, modern model with a large black eyepiece and objective lenses. The scientist's hand is visible, adjusting the microscope. The background is a bright, out-of-focus laboratory setting with other people working.

STAYING ONE STEP AHEAD

PEAK PERFORMANCE WHEN IT MATTERS

Since the beginning, we have welcomed new technology and implemented new production processes. Everything around us has changed, but some things have stayed exactly the same.

We are still focused on one question: what is the right solution for our customer's needs? Once we start, the mission is complex, challenging and motivating. Developing the solution is passionate, ambitious and rewarding.

THE PERFECT PARTNER

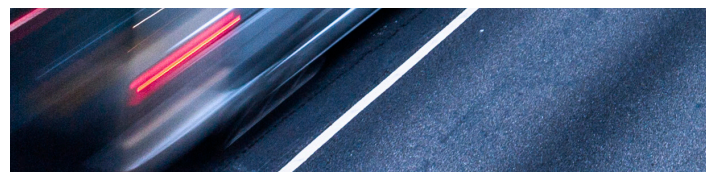

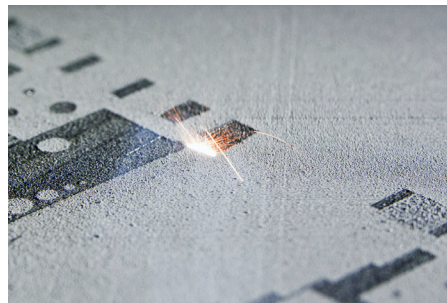

SHAPING THE WORLD

By applying our experience and expertise of raw material and metallurgy to innovative technology, we are forcing new challenges in the industry to adjust to our ever-present and indispensable rule: choose the right material for the job. It is a simple way of developing advanced tool steel and delivering solutions that make a difference for our customers.

Some say we are leaders, and that makes us proud. Because when it comes to tool steel, we aim to be the one leading the way. And we do so by always delivering more than tool steel. We add value and we enhance competitiveness. That is what makes Uddeholm the world's leading provider of tool steel solutions. And it will be for the next 350 years too.

TOOL STEEL THAT MAKES A DIFFERENCE

- 850 employees in Hagfors
- 50 specialists in R&D
- 310 active patents
- 100 % sustainable steel
